CONG. BRYAN TELLS HOW BEST DEVELOP ALASKA

Does not Believe in Throwing Open Resources to Private zation--Must Restore Competition

WASHINGTON, Sept. 9 .- Congressman J. W. Bryan of Washington has succeeded in jimmying into the congressional debate a real speech. When be thrown open to private exploita- hayseed sports. tion and monopolization,' said Bryan. "I do not believe that Alaska will ever of a few private capitalists."

gulation of the coal-mining industry in the Territory through competition by the government. The bill provides first, that no coal lands or deposits in Alaska whatsoever shall hereafter be Alaska whatsoever shall hereafter be mental road in Virginia between sold in fee simple. It provides that Washington and Mt. Vernon. one-half of the coal lands and deposits shall be reserved for the use of the

These provisions relate to government service and to all the lesses. The

Functions of Sort. the government. "The government, that he had given the matter some "acts simply as a competitor and not in the hands of its accumulator, but through the President or his agents, in a still greater way after he is dead spectors, see that all the provisions of but leaving them to the best moneying service is one of the participants life is being carried out by somebody that they are not kept separate. The make war upon great fortunes per se. lax rules is the man who wins or cialistic party of the United States;

Adulterating Product competitors to adopt the same meth- that I myself am not a money-maker, as many hours as he can force them as, a rule, makes it not because he is out of business, either forces his comare eaten up by a few big men and nate everything else to its end." competition merges into private monopoly just as certainly as daylight merges into darkness. Thus there develop trusts of the character of Standard Oil and the American Tobacco Company, which have to go through a curious process called 'being dissolved' with results well known. Under this bill the rules of the game will be laid down by Uncle Sam, and he will enforce them not only by being a competitor himelf and setting | | the standard, but, if necessary, by revocation of the lease of any lessee who violates the rules." After thus showing how the evils

of competition can be eliminated, Mr. Bryan showed how under his bill the interests of producer and consumer would be made identical. This is done by means of the division between a sick child tomorrow. consumer and wage earner of any dividend earned on the operations. The half-sick, isn't resting, eating and act- Death of Cardinal Tuto, share of the consumer is proportioned ing naturally-look, Mother! see if to the amounts purchased during the tongue is coated.
